## BRAND PHILOSOPHY

### Illumination as an Art Form.

Light is the most powerful element in any space. Our studio blends Milanese design with modern LED technology for beautiful objects.

#### 01 - FORM Reductive Geometry

We strip away the nonessential. Every curve & line serves a purpose. The result is a silhouette that feels inevitable, not designed.

#### 02 - FORM Honest Materials

#### 03 - FORM Human Centric

DESIGN LANGUAGE

Minimalist

## CURATED COLLECTIONS

### Designed for Space

Designed to structure light in space. From gravity-defying pendants to architectural floor lamps.

**1**

#### Linear

Ornate installations designed to radiate luxury, balancing intricate metalwork soft ambient glow.

**2**

#### Suspension

Pendants designed to define the volume of a room. From linear lights to chandeliers.

**3**

#### Floor Standing

Architectural anchors that provide flexible, ambient light. Brass bases with rotatable heads.

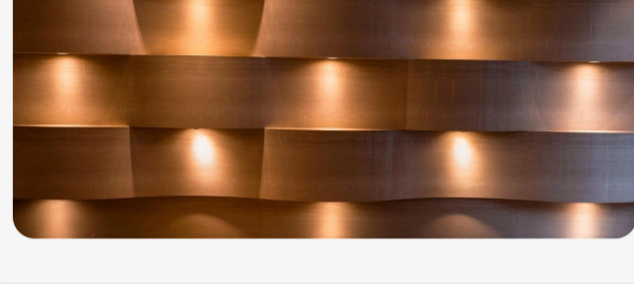

## TRUTH OF MATERIALS

### Honest Materials, Living Finishes

We design for longevity. Our materials are chosen for their ability to age gracefully, developing a unique patina that tells the story of its environment.

#### Solid Brass

MAT-01

Sourced from Italian foundries. Unlacquered to allow a living patina that deepens into a rich bronze over time.

COMPOSITION  
CUZN37 ALLOY

FINISHED  
HAND-BRUSHED

ORIGIN  
MILAN, ITALY

WEIGHT  
HEAVY GAUGE

#### Opaline Glass

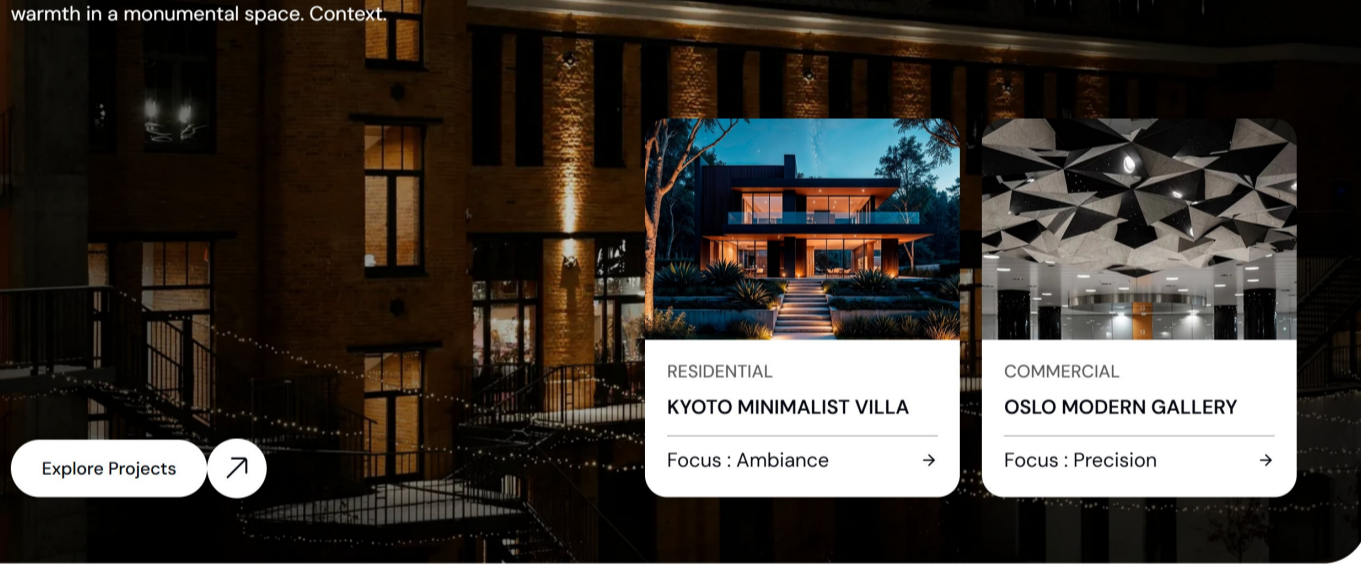

MAT-02

#### Travertine

MAT-03

### Light in Context

Light Featured Project: The Royal Opera House. Custom brass chandeliers designed to create warmth in a monumental space. Context.

## THE CREATORS

### Lead by Vision

Founded by architects turned product designers. We approach every fixture as a micro-building, balancing structure and void.

- 01 **Elena Rossi** Founder / Design Director
- 02 **David Chen** Lead Engineer
- 03 **Sarah Miller** Material Specialist
- 04 **Kenji Sato** Production Head
